Marlton, NJ 08053

Dear Joann,

On behalf of our entire staff and patient families, I want to take this opportunity to thank the Foundation for the wonderful work you are doing. Our patients love the Courage Beads you have provided. You should see their faces light up as they realize that they can have a necklace they create specifically for their cancer journey. It is such a positive way to recognize what they have experienced as children with cancer and gives the kids something to look forward to at each visit. Children of all ages are befitting from this program made possible by you.

I also want to thank you for all the other donations you have made, from videos to hospital "admission bags," from Girl Scout cookies to the wonderful fleece blankets that our children love so much. Most of all, thank you for continuing to care for our patients. We look forward to working with you for a long time.

Yours/truly,

Joan T. Rolsky, L.C.S.W.  
Social Worker, Oncology  
NJ Section of Hematology/Oncology
